### Our Interior Design Team

GVD we pride ourselves on providing our clients with some of the most talented and experienced designers in the Delhi and NCR area. All of our associates are graduates of accredited interior design programs at leading universities or design institutions. And each has years of hands-on experience serving clients throughout the entire design process. We also strive to remain active within the communities we serve — knowing local suppliers, building codes, and subcontracting personnel is a hallmark of our firm. We are proud of our growing reputation as one of the area's most respected firms — more than 90% of our work is generated through referrals, a testament to our team's creative ability and professionalism.

### Vision & Mission

Our mission is to ensure that the client gets an inspiring result with the best possible services. Our mission is to ensure that every project we do for our clients has a unique yet mesmerizing design that caters to all their needs (current & perceived).

We pledge to treat every project as a case for excellence ensuring a harmony of thought, design, quality & functionality. This pledge itself is our mission that every consultant, staff member & allied members will remember on every step of the way to become a globally recognized organization obsessed with customer delight and growth, Driven by a passionate, experienced team.

### What's Special about how we work?

When you think of expansion, restructuring or relocation space management is one of your key concerns. Before you begin, you need an assurance that the job will be done well by experienced professionals within the agreed time frame and within the pre-determined budget. Even short delays in the completion of your project can have serious financial implications on your ability to conduct your business effectively.

That's why with GVD ENGINEERS & CONTRACTOR, your project will have an agreed completion date written into the contract. To ensure this target is achieved, we will provide you with a full-time dedicated team that is trained to work within tight timelines. Using scientific project management techniques and a systematic and proactive approach to site management our team takes full control of the project anticipating problems in advance and initiating solutions for you in a timely and efficient manner.

### What-We-Create

GVD ENGINEERS & CONTRACTOR workplaces are not just about aesthetics but about efficiency as well. Each minor detail is looked into, to give you an office that's not just unique in its look, but also designed to optimize the energies of your team. Nothing is left to chance - whether it is the faithful execution of your dream design, or details such as cabling, plumbing, lighting etc. Let's take a look at what goes into a GVD ENGINEERS & CONTRACTOR project, attractive flooring patterns, coordinated color schemes using paints, tiles and laminates and furniture and furnishings imported from all over the India. We collaborate with the best of Architects, Designers and Project Managers to give shape to your dreams. Our design teams interpret your brief and blend their practical knowledge with artistic ability transforming abstract ideas into designs for an inspired workplace.

## Services Interior Designing

Interior design is a discipline that looks after designing all of the interiors of a space. This can include things like flooring, windows, doors, walls, lighting, furniture, and miscellaneous design pieces. The goal of interior design is generally to make a space that is both comfortable and aesthetically pleasing, often catered specifically to the needs and likes of the person hiring the interior designer. Interior design is actually a relatively old discipline, although historically it was reserved primarily for royalty and the aristocracy. In the modern world, many people make use of interior design, either doing it themselves with the assistance of classes or books, or by hiring an interior designer to assist them in bringing their vision to life. Designing is the blend of artistic talents and creativity. Design encompasses a number of different fields. Interior designing is the arrangement of living space organizing, managing and planning of the interiors of rooms at homes, offices, retail shops, showrooms, hotels, airports, exhibition halls, conference centers, theatres, TV and film studios and commercial establishments etc. The objective of designing space is to achieve functionality and to create the right kind of atmosphere for the right budget. Interior designing as a specialization became popular only in the last few years.

## Construction, Civil, Electrical, Fire Alarm system, New Working, HVAC & Renovation & Up gradation

GVD Construction and Renovation can help you build your dream home or transform your existing home. We work collaboratively with all our clients to create their vision with minimum hassle or fuss and listening to our clients is a top priority. We plan meticulously, provide clear and honest quotes and deliver on time and on budget. Improving your home is a major investment and we have ensured that all of our clients benefit from the expertise of our highly qualified team who work together with reliable and talented sub trades. For complex projects, our core team is further enhanced with support from architects, structural engineers and designers. Whether remodeling an individual room, renovating a whole house or building a premier custom home, KMS Construction strives to give you real value for money and unmatched levels of service and satisfaction. GVD is a family owned and operated business with over 5 years experience. We specialize in high end, top quality construction and renovations, from restoring heritage homes to building a modern day dream home. We work

with our clients to reconstruct and reinvent by adding and reusing materials. We transform vision into reality responsibly, and with skill, knowledge, expertise, and reliability.

### Office Interior

An impressively designed office not only reflects professionalism but also demonstrates progressiveness and thirst for excellence. Our office interior designs are some of the most intricate and exclusive in the country. Our concepts are new, fresh and with an International perspective. This is aided by the fact that we help you source materials from some of the best factories in India, with options on import from all over the India. The sourcing is done as per the taste, budget & theme of the office we are designing.

A major advantage of getting your corporate interior designs done by us is that we follow a very professional & service oriented project management system wherein all procurements are done through private / public tenders. Also we follow a 'what you see is what you get' approach with detailed 3D visualizations and renders of your office before the finishing work starts. This ensures that you get your dream office without any hidden surprises. Our experience in office modernization and automation ensures that your office is fully functional and productive with latest access control systems, surveillance equipment's, hybrid data wiring and lost more.

### Commercial Interior

Giving an entirely new and exclusive look to your commercial space is our specialty and we are best on commercial interior design services. Our Commercial Interior Designers are expertise in giving life and adding persona to your commercial space, be it Showroom, Institute, shops etc., we have smart solutions for all. We have a knack of adding décor to your commercial space that is absolutely unmatched and very useful at the same time. We specialize in services of commercial interior decorators, showroom interior decorators, office interior decorators etc.

### Turnkey Interior Projects

As Interior Architectural Design Consultancy, it our goal to take a project from its entirety right from conceptualizing to the final handing over the keys to the client. We work as turnkey contractors for complete turnkey interior decoration projects. We have complete expertise to execute these projects as per specific requirement of our clients and deal with the interiors of the homes, showroom, public sector offices as well as MNCs. We have the experienced turnkey interior designer and they handle whole project, from conceptualization to finishing. We understand our client's requirement and understand design or plan the interiors accordingly. Turnkey is often used to describe a home built ready for the customer to move in. If a contractor builds a "turnkey home" they frame the structure and finish the interior. Everything is completed down to the cabinets and carpet. "Turnkey" is commonly used in the construction industry, for instance, in which it refers to the bundling of materials and labor by sub-contractors.

We are renowned for our efficient management, considerable resources & sourcing expertise and successful track record in meeting clients' wide requirements. Our team holds expertise in designing contemporary workspace as well as residence suitable to customers' precise requirements. Corporate offices require well-planned workspace for maximum efficiency, and to create healthy atmosphere in the premises that affects the productivity of the FIRM.
